DESCRIPTION

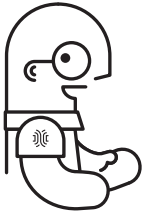

Connect more sensors and USB devices to your Nodegrid appliances using this 7-Port USB 3.0 Hub. Cover all possible environmental setbacks by connecting up to seven additional Nodegrid sensors.

Quick Install Guide

7-Port USB Hub (USB)
ZPE-HUB-U01

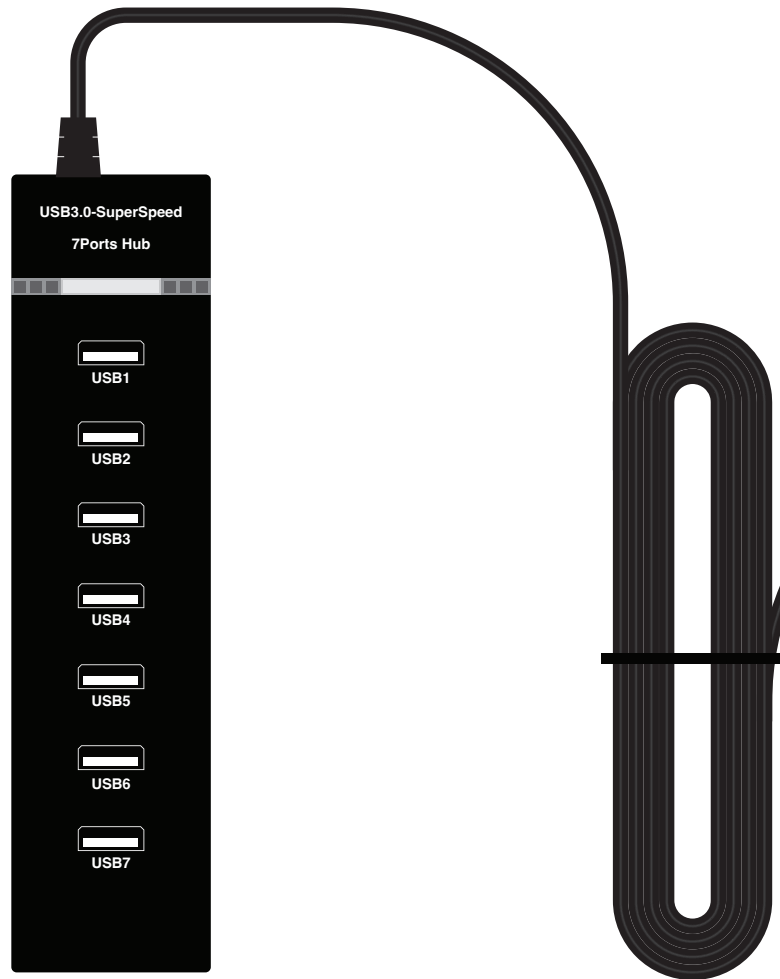

COMPATIBLE WITH
ALL NODEGRID DEVICES

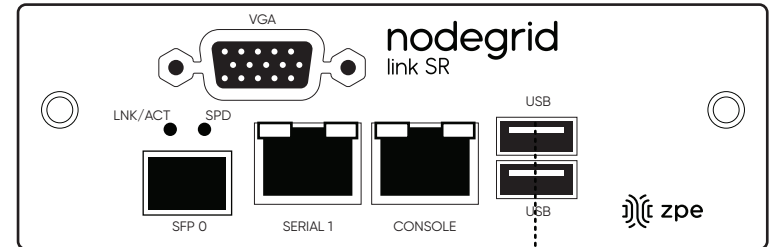

Plug & Play. Done.

Connect USB Hub to any available USB 2.0 or USB 3.0 port on Nodegrid Serial Consoles and Services Routers.

7-Port USB Hub Cable: 1 meter

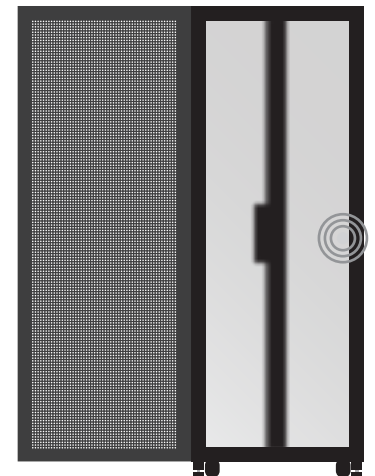

Any USB Port on a Nodegrid Device

Inset: Nodegrid Link SR

We suggest placing
this product here

*Rack cage may be a
different model or size

We discourage plugging hub-on-hub as it may affect power and performance.

Please always make sure to plug it on any available Nodegrid hardware USB port.
